

BayRides Offers Service To Help Carless Get Around

Thanks to the COVID-19 Emergency Community Support Fund and the United Way, BayRides is now able to offer a special transportation service to seniors, single parent families, visible minorities, young people, newcomers to Canada and other people who are feeling isolated.

This special service is designed specifically for individuals who live in the St. Margaret's Bay area and who do not have access to a car.

BayRides has accessible vehicles.

BayRides can only serve residents who live in the St. Margaret's Bay area, from West Dover to Yankeetown Road and from Sheldrake Lake to the HRM county line in Hubbards.

For more information, contact BayRides at (902) 820-6600.
